RESPONSE TO OFFICE ACTION

Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20231

Dear Sir:

In response to the office action mailed July 17, 1995,
kindly amend the application as follows:

IN THE CLAIMS

Add the following new claims.

107. An electronically programmable remote control
vehicle security system, comprising:

sensor apparatus mounted on said vehicle for
detecting attempted intrusions to said vehicle;

vehicle antitheft apparatus;

a precoded remote control transmitter for gener-
ating and transmitting a non-user-programmable,
digitally encoded radio frequency signal representa-
tive of a multiple-bit transmitter code, said trans-
mitter including an actuator switch which when actuat-
ed by a user causes said digitally encoded radio
frequency signal to be transmitted, said transmitter
code being precoded so that a system user is not
required to encode said transmitter or know said
transmitter code;
